

Certificate

Academy

Sergey Zhukov

was certified from 21 to 22 May 2015 by Ottobock as

C-Leg Expert

This certificate qualifies to do independent fittings with components of the C-Leg product line. The certificate applies to the qualified person and is granted to that individual, not his or her employer or other associated organizations.

The focus of the certification was on comprehensive product knowledge and application techniques regarding the C-Leg product line. This included:

- System overview
- Functionality
- Indications
- Product news and modifications
- Configuration
- Adjustment
- Gait cycle / biomechanics
- Alignment
- User training / gait training
- Power management
- Service
- Warranty
